For the Housekeeper.
Executive ability and originality are the two secrets of successful hospitality, and the limitation of the purse need not keep one from the attainment of this purpose, says Eleanor Marchant in the September Delineator, and in proof thereof gives a number of original plans that will provide the maximum of entertainment at the minimum of expense. A unique popcorn party, a home picnic, supper or luncheon served in true outdoor style and a peach fete are some of the suggestions. In the same number are given refreshments for a garden party, and among the culinary topics are various recipes for egg-plant and oyster-plant, and for sweet sandwiches and frozen deserts.

HEALTH

"I don't think we could keep house without Thedford's Black-Draught. We have used it in the family for over two years with the best of results. I never had a doctor in the house for that length of time. It is a doctor in itself and always ready to make a person well and happy."—JAMES HALL, Jacksonville, Ill.

Because this great medicine relieves stomach pains, frees the constipated bowels and invigorates the torpid liver and weakened kidneys

No DOCTOR

is necessary in the home where Thedford's Black-Draught is kept. Families living in the country, miles from any physician, have been kept in health for years with this medicine as their only doctor. Thedford's Black-Draught cures biliousness, dyspepsia, colds, chills and fever, bad blood, headaches, diarrhoea, constipation, colic and almost every other ailment because the stomach, bowels, liver and kidneys so nearly control the health.

Ace Rose purchased a business house and lot from A. R. Graham today, and will move his stock of groceries and notions to town at once from Trent Forks.

The saloon business has absolutely closed down in our town. There is still some boot-legging among the fearless class. Business in that line became dull lately.

James Murphy, a violator of the law, escaped from the custody of Sheriff John Allen today. Mr. Allen ran him a close race and lost sight of him in a cornfield. After sending storms of fire smoke and lead in his direction he returned to report his absence from the court.

Some of our tricksters were arraigned before our court lately charged with gambling. The defendants pleaded that "we did not have any money up; we only had chips." The court ruled: "Chips are same as money; you can fine the defendants \$10.00." One of the defendants said: "You rule that chips are same as money, and I have \$10.00 worth to pay the fine with." Our courts are getting very important lately.

THE HERALD last week copied an article from the daily papers in which it was stated that a Miss Dixon, of Pinckard, Wolfe county, was in durance vile. Investigation now develops the fact that Pinckard is not in Wolfe but in Woodford county. We thought at the time that the act smacked too much of a certain culture to belong in this bailiwick, but presumed that Pinckard was perhaps a new postoffice and that the young lady had been educated elsewhere. Native mountaineers have not yet attained the art of petty pilfering, and we are glad to say that the stigma does not belong to us, and to be able to put it where it belongs. She was a bluegrass belle and not a buxom lass of the mountains.
